

# 4u Mesh

ergonomic task & stool seating

shown in: graphite mesh, tri kes elle bluefin,  
polyester & nylon (extra comfort seat)

  
SEATING

great things happen in a chair

# Sleek 4-way stretch polyester elastomeric mesh.

Experience how the 4-way stretch retrains the resilient elastomeric mesh to provide stability and expert contouring as it evenly spreads body weight, reducing any pressure points.

shown in: black mesh, momentum photon primary, polyester & nylon (slim line seat)

## Flexibility

With its variety of options, 4u mesh serves as a work chair, a tall or extra-tall stool or as a conference chair with fixed arms. The breathable, 4-way stretch elastomeric mesh is available with additional, adjustable lumbar support. Pair with original slim line seats or extra comfort foam made with Via Seating's high density, closed-cell, cold-cured, injection molded, CFC-free, foam.

shown in: black mesh, momentum photon primary, polyester & nylon (slim line seat).

## features

- Available with original slim line or extra comfort seats
- Featuring quick adjust synchro and body balance mechanisms with optional seat sliders
- 12 year warranty (5 for mesh fabric)

Design by  
S.I. Design

In 1996 Lorenzo founded S.I. Design in Pádova, Italy with designers Emanuele Bertolini and Mauro Naletto. S.I. specializes in furniture design, particularly for offices and communal

spaces. Today, their team of eight focuses on design and technical assistance in product development utilizing advanced modeling programs.
