*Abrasion testing produces a wide variability of results even from the same test sample. The independent certificate of $\geq 50,000$ Martindale cycles is available on the Camira website or from Camira customer service team. Internally Camira specify that this product at $>35,000$ cycles which they believe is realistic for repeatability of testing. Please be aware that abrasion testing alone is not a reliable indicator of the actual wear performance of fabrics. Camira is so confident in the durability of its products that they provide a robust 10 year guarantee (full details available).

Batch to batch variations in shade may occur within commercial tolerances. Camira reserve the right to alter technical specifications without notice. The Unregistered Design Rights and the Copyright in all designs are the exclusive property of Camira Fabrics Limited.
